

ECONNECT SOLUTIONS

OVERVIEW

Looking for a solution to save time and money while trying to integrate data to and from Dynamics GP? Let *Signature Series' eConnect Extensions* assist with such needs.

SS' CompleteConnect Outbound allows the user to accelerate the development of outbound integrations from Dynamics - GP while *SS' exERPts - Data Management Tool for eConnect* provides a near-real time means of integration of incoming data to Dynamics-GP while managing errors, handling notifications to the user, and offering substantial cost savings for the client in both eConnect investment and development costs.
